

PUBLIC NOTICE

DRAFT REMOVAL ACTION WORKPLAN

Orchard Supply Company Property

Sacramento, California

PUBLIC COMMENT PERIOD: June 1, 2011 to June 30, 2011

WHAT'S BEING PROPOSED? – The Department of Toxic Substances Control (DTSC), announces a 30-day public comment period on the draft Removal Action Workplan (RAW) for Orchard Supply Company Property (OSCP) located at 1731 17th Street in Sacramento, Sacramento County, California. Soil contamination has been addressed in earlier efforts. The current RAW now focuses on the groundwater. The environmental investigations at the OSCP site concludes that the groundwater has been contaminated by volatile organic compounds (VOCs) including benzene; 1,2-dichloroethane (1,2-DCA); and 1,2-dichloropropane (1,2-DCPA) as a result of historical gasoline releases and carbon tetrachloride (CTCL) from the above ground storage tanks previously used at the property. The concentrations could pose a potential threat to human health. The draft RAW describes the investigations, the contamination discovered, and proposed alternative cleanup methods for the contaminated soil, soil vapor, and groundwater. DTSC is the lead agency conducting the oversight of the RAW.

CALIFORNIA ENVIRONMENTAL QUALITY ACT – NOTICE OF EXEMPTION: Based on the conditions of the proposed RAW, DTSC determined that the response action qualifies for a General Rule Exemption pursuant to California Code of Regulations, title 14, section 15061(b)(3), and intends to issue a Notice of Exemption (NOE) when the Final RAW is approved to comply with the California Environmental Quality Act (CEQA) requirements. The draft NOE will be made available for public review, along with other supporting documents in the information repositories.

HOW DO I PARTICIPATE? – DTSC encourages you to take this opportunity to learn more about the project and to provide comments on the removal action proposed in the draft RAW during the 30-day public comment period **June 1, 2011 through June 30, 2011**. All comments must be postmarked or received **by June 30, 2011**.
